

2020 ANGUS SUPPLEMENT SHEET

Lot 84: MBT Index 98

Lot #194: Super dam that always produces top replacement heifers and bulls. Selling 2/3 Interest and Full Possession.

Lots 198 & 199: Sire to these bulls ratios 110 on RFI here at Midland in 2018.

Lot 209 – A great calving ease son of Cowboy Up out of a young, productive Niagara daughter. The granddam of this bull is the dam of Lot 214.

Lot 210 – This Weigh Up x Y65 (454 daughter) mating is one that just clicked. We have more ET calves out of this mating that hit the ground this winter. Y65 has been a staple in our donor program. She is the dam of Rocket who is at Select Sires.

Lot 211 – A Weigh Up with tons of growth potential. As you can see in the pedigree, these bulls that go back to Niagara really have some growth to them and continue to outperform the average at bull tests across the country. This bull's carcass EPD's will get you premiums on the grid!

Lot 212 – Stemming from our powerful Lucy cow family, this Weigh Up son has genomic scores in the top 15 of CED, BW, WW, and YW. Dam, Granddam and Great Granddam all have stellar progeny ratios. Don't miss this bull if you are keeping back replacements.

Lot 213 – One of only THREE Bulls in Group 1 to gain over FOUR POUNDS per day. The other two are Lots 216 and 217. This bull's dam is no stranger to the MBT. She has produced 2 of our top selling bulls at the Midland Bull Test. Lot 169 in the 2015 sale and Lot 230 in the 2019 Sale. This cow and her dam put the pounds on their calves!

Lot 214 – A unique son of Whitlock out of a Pathfinder Confidence cow. Dam has stellar progeny ratios.

Lot 216 – One of only THREE Bulls in Group 1 to gain over FOUR POUNDS per day. The other two are Lots 213 and 217. These are the first Niagara sons to make their way to Montana for the Midland Bull Test. Stemming from our Y65 donor, this bull exploded from weaning to yearling like most of his half brothers out of Niagara. This Niagara x Comrade mating has been a sale highlight for us at our own bull sale.

Lot 217 – One of only THREE Bulls in Group 1 to gain over FOUR POUNDS per day. The other two are Lots 213 and 216. A thick, power packed Niagara son out of a daughter of the 2013 Midland Bull Test Sale highlight S S Warrior Z20. This bull has one of the highest YW EPD's of the entire offering.

Lot 219 – Lot 219 is a $\frac{3}{4}$ brother to Lot 216. This Niagara x Comrade mating has been a sale highlight for us at our own bull sale. This calving ease Niagara son provides a balanced EPD profile. His dam is a moderate good uddered cow that is fault free.

Lot # 222: If you are looking for Pedigree, Calving Ease, and extreme growth numbers – here is your bull!

Lot #256: Dam NR 1@118

Lot 425: The 10-year-old featured Genex Pathfinder Sire PVF Insight, with over 6k progeny on record ranks in the top 1% of the breed for RE and yet maintains a +24 Milk EPD with over 1100 daughters in production. Lot 425's second generation Pathfinder dam is moderate framed, perfect uddered with excellent feet and legs.

Lot 427: Longevity, fertility and structural correctness without sacrificing power and performance. Traces four times to the past Midland Grad and Foundation Pathfinder Sire HARB Cincha 829. The 11-year-old, never miss, Pathfinder dam has her 10th AI calf at side. The \$50,000 valued Midland grad, HARB Hindquarter 473 JH, now a featured Beef 360 Sire, has 21 daughters in three herds boasting NR 102.
